WHEREAS, upon evaluation by the BAC-TWG, it appears that PLDT submitted the lowest calculated bid, similar to its bid for internet connection for DOJ Main (100 mbps leased line);

WHEREAS, during the pre-bid conference held on 28 November 2018 and per Supplemental Bid Bulletin No. 1. dated 29 November 2018, it was clarified that bidders can join both projects, for internet connection for the DOJ Main and the National Justice Information System, but winning bidder can only be awarded one project for the reason that in case of service failure of the main provider, the other will serve as redundancy (backup); in order to maintain availability of internet service in the Department;

WHEREAS, PLDT was already considered as the winning bidder with the lowest calculated responsive bid for the internet connection for the DOJ Main; thus, can no longer be considered for the instant project for the internet connection for NJIS;

WHEREAS, the second lowest calculated bid submitted and considered for post-qualification is the Wificity in the amount of P882,000.00;

WHEREAS, Wificity was found to have post-qualified with all the legal, technical and financial requirements, thus, considered to be winning bidder with the second lowest calculated and responsive bid;

WHEREAS, the BAC TWG/Secretariat has recommended the award of the contract for internet connection for NJIS in favor of Wificity in its calculated bid of P882,000.00 which is 22.63% below the ABC;

WHEREAS, the BAC, after thorough deliberation, finds the recommendation of the BAC-TWG/Secretariat to award the contract in favor of Wificity to be reasonable and most advantageous to the government;

NOW, THEREFORE, the Bids and Awards Committee, after thorough deliberation, **RESOLVES** as it hereby **RESOLVE** to recommend, the **GRANT** of the award of contract to Wificity, Inc. for the internet connection for National Justice Information System (100 mbps lease line) in the total amount of **EIGHT HUNDRED EIGHTY TWO THOUSAND PESOS (P882,000.00)**.
